## ***High Anxiety: New Acquisitions***

**November 30, 2016 — August 25, 2017**

*High Anxiety: New Acquisitions* presents selections of artworks from 32 artists acquired since 2014, many of whom explore polarizing social and political concerns through a broad spectrum of contemporary artistic practices. In gauging the output and energies of these artists we find creative currents that speak to our shared state of uncertainty, nervousness and pessimism.
